

Heavy Duty Single Beam Frame Discharrow, Offset; These are being manufactured as from 20 discs until 36 discs without folding and from 40 discs until 56 discs with foldable wings. It has more model alternatives with 22cm Disc spaces, 560mm – 610mm – 660mm disc diameters, plain and notched type discs. These alternatives enable to farmers for choosing the most suitable equipment for their own conditions. The disc direction angle that can be opened to 22 degree gets good soil working and also desired working depth. 2 pieces of land type tyres with the size 10.0/75 15.3 are used for each machines. It is absolutely a suitable equipment for diminished soil working and minimum soil working.
